

TIME FOR WONDER!

**HELP US TO FOSTER A LEGACY
OF LOVE AND COMPASSION
FOR ALL LIVING THINGS.**

For 28 years Wildlife Associates has been caring for non-releasable, abused, abandoned and injured wildlife. These animals become "Wild Teachers" in the school assembly programs that reach 500,000 students in the Greater San Francisco Bay Area each year.

Wildlife Associates' nationally acclaimed programs instill compassion, empathy and kindness towards animals while teaching about the natural systems upon which all life depends.

Wildlife Associates also serves the community with innovative programs for disadvantaged and at-risk teens. These programs nurture a sense of caring and help adolescents develop self-esteem through relationships with animals.

Your generous contribution goes directly toward the care of our wildlife and the educational programs we provide to the community.
